Hi,

Sure, you can modify and/or convert the images.

The font we used in the game was Paytone One  
(<https://fonts.google.com/specimen/Paytone+One>). The licence is Open Font Licence  
([https://scripts.sil.org/cms/scripts/page.php?site\\_id=nrsi&id=OFL](https://scripts.sil.org/cms/scripts/page.php?site_id=nrsi&id=OFL)).

White outer frame is included in frames.png. You can use it freely.

Hi,

Thanks for the permission! I still have some questions.

- Can we modify the raw images to follow our layout standard? Example:
- Can we create svg copies? Example: <https://github.com/Minesweeper-World/MS-Texture/tree/main/svg/cells/WinmineXP>
- What font do you use? Does it have copyright?
- Does the white outer frame of boards have copyright?

Best wishes,  
Tianyi

Hi,

Thank you for contacting us. Glad to hear that you love Minesweeper and Chocolate Sweeper :)

We can give you a permission to use only a part of the images, because we don't have the original copyrights for all the images.  
Feel free to publish the following seven image files (I assume you can see the image files in the app)

Dear Nyahoon Games,

I'm a minesweeper enthusiast who love Chocolate Sweeper.  
- My Google Play account: [putianyi888@gmail.com](mailto:putianyi888@gmail.com) (I hardly ever check that email so pls contact via this one.)  
- My minesweeper background:

- My tutorial (in Chinese) regarding Chocolate Sweeper:  
<https://github.com/putianyi889/ChocolateSweeper/releases/tag/1.1>

Recently, I'm making an open-source [GitHub repository](#) of minesweeper skins for public use. I wish to include a skin of Chocolate

Sweeper, but I'm concerned about copyright issues. Would you please share your opinion on them?

Best wishes,
